

THE FAB FOURTHIES

Singapore Math Curriculum:

- Place Value of Whole Numbers
- Estimation and Number Theory
- Whole Number Multiplication and Division
- Tables and Graph Lines
- Data and Probability
- Fractions and Mixed Numbers
- Decimals
- Adding and Subtracting Decimals
- Angles
- Perpendicular and Parallel Line Segments
- Squares and Rectangles
- Area and Perimeter
- Symmetry
- Tessellations

CKLA Domains in 4th Grade:

- ★ Personal Narratives
- ★ The Middle Ages
- ★ Poetry
- ★ Contemporary Fiction
- ★ Quest Eureka!
- ★ Geology
- ★ The American Revolution
- ★ Treasure Island

Social Studies units focus on North Carolina and include geography, civics, history, economics, and culture.

Science units focus on physical science (magnets and electricity), earth science (rock cycle and how Earth has changed over time), life science (biomes and adaptations), and space (moon phases and Earth's movement on its axis and in orbit)

What Makes 4th Grade Special at PSPA:

Our scholars will have multiple opportunities to “show what they know” as they learn throughout the year. They will become published authors, design and create medieval castles, and have a chance to explore the home of Philip Alston, a colonel in the Patriot forces during the American Revolution!

Upcoming Field Trips:

- ❖ The Life and Science Museum
- ❖ The House in the Horseshoe
- ❖ Durham Bulls Education Day
- ❖ **Field Trips are currently suspended at this time due to COVID**
